

I am sending you this letter to express my support for DATCP's No Call List the way it is currently written. I will not suport any change to the List that would reduce DATCP's ability to minimize the number of times a company can call me, even if I have done business with them in the past. I believe that the quality of my life at home has improved since DATCP created the No Call List because my home is no longer invaded with unwanted or unsolicited phone calls. I do not want the Governor to be pressured into modifying the way the existing No Call List is written. Thank you for giving me the opportunity to be heard.
